GROOMING SERVICES

BATH

We use sulfate-free and paraben-free shampoo to clean your dog. We also have hypoallergenic shampoos for specialty skin types; oily skin, itchy skin, sensitive skin and dry skin for both cats and dogs. Flea baths are available for an additional fee.

HAND BLOW DRY

We take the time to dry all pets by hand. (We will never cage dry your pet.) Using a hand held force dryer lets your dog know that we care and decreases any stress they may have. Cats are all hand dried.

NAIL TRIM

We use a dremel tool to gently round the edges of dog nails. If your dog doesn't like the dremel, we can use nail clippers and then file the edges if needed. Cat nails are gently trimmed with clippers specifically made for cat claws.

EARS

Dog and cat ears are gently cleaned to remove dirt and to help prevent bacteria from growing.

TEETH

By request, teeth brushing is included in our dog bath and grooming packages.

GLANDS

This service is provided by request at no extra charge, and is included in our grooming and bath packages.

CLIPPING/SCISSORING

We clip and/or hand-scissor the coat to breed standard, or to your specifications.

SHAVE

Shaved cats find it easier to clean themselves. We use clippers with attachments made specifically for cats. We can shave into a lion cut, dragon cut, or variations.

COLOGNE/BANDANA

Just before going home, your furry friend is spritzed with a clean scent and given a bandana to go home looking cute and sweet!
